OUR SCHOOL

PICTURE OF OUR SCHOOL

PRIMARY SCHOOL - classes 1-3

Children in grades 1-3 learn Polish, maths, English, religion, PE and informatics. Most of the subjects are taught by tutors (one teacher for 3 years) After school, children can eat lunch in the canteen, play in the school common room or read books in the library

- -3rd 9-10 years old
- -4th 10-11 years old
- -5th 11-12 years old
- -6th 12-13 years old
- -7th 13-14 years old
- -8th 14-15 years old

MUSIC

We study music in our school from 4th to 7th grade. We learn the value of notes, play the flute, sing songs, and learn about the history of music and instruments. In our school, music is taught by Mr. Piotr Przyrowski

ART

Art in our school lasts from 4th to 7th grade. We learn to paint, draw, create works. We learn drawing techniques, types of colors. Art is taught by Mr. Bartek Kiełtyka, who is very nice and sympathetic!

TECHNOLOGY CLASSES

We learn techniques in grades 4-6. We learn about rules and road signs, we obtain a bicycle license. And we create many interesting constructions. Techniques in our school are taught by the nice Mr. Łukasz Stelmach

ICT

We have been learning computer science for 8 years. We learn how to operate the computer and various programs. We create games, charts and drawings. Very nice Mr. Marek Szura teaches this subject.

GEOGRAPHY

In our school, geography is from the 5th grade. We learn about countries, cities, rivers, mountains, we get to know other people's cultures, read a map, scale. Geography is taught by a very cool lady, Dantuta Zimowska.

BIOLOGY

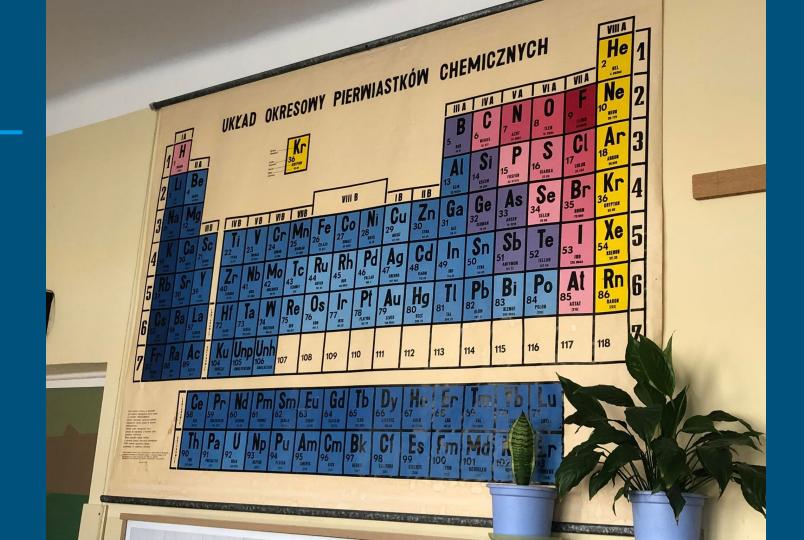

We learn biology from the 5th grade. We learn about the structure and characteristics of humans, we get to know plants and the way of life of animals. The most wonderful teacher Ewa Ziomek teaches biology.

CHEMISTRY

We learn chemistry in grades 7-8. We conduct various experiments, we learn about substances and their properties. We learn the chemical formulas that we use in our tasks. Chemistry is taught superbly by Krystyna Zawadzka

PHYSICS

In physics, we learn the study of matter and motion in space. We get to know what matter and force are. Ms Krystyna Zawadzka also shows many physical experiments

MATHS

Mathematics at our school is taught by Małgorzata Kędzior, Urszula Bulińska and Anna Kukla. We learn to count, we get to know the axes, charts, diagrams. We get to know geometry. Most students don't like this subject, but the teachers are quite nice.

POLISH LANGUAGE

Polish is a very nice subject. We learn to write essays, stories, read and analyze our teachers, we learn about poems and the lives of writers. In our school, Polish is taught by Małgorzata Tokarz, Małgorzata Świerz and Lucyna Zawilińska. The teachers are very nice.

ENGLISH

The English language accompanies us from an early age. We learn grammar, vocabulary. We get to know the English culture and the United States'. In our school there are three very nice teachers: Sylwia Zimowska, Agnieszka Sztaba and Paulina Bochenek.

GERMAN

The German language in our school is in grades 7-8. We get to know German cities and their cultures. We learn grammar and vocabulary. German is taught by Ewa Müller
